Support Services				
DPS Requirements	OS must be accompanied with OEM license PCI Slots (Minimum 2) Minimum 1 Serial Port, 1 Parallel Port, 2 PS/2, 2 USB, 1 Video		USB connectivity	

Additional Requirements for Donated Equipment

1. Durham Public Schools (DPS) accepts donated computers from various sources. Anyone wishing to donate computer equipment must first contact the DPS Donation Program Coordinator.

2. Once donated equipment has been approved for receipt by DPS, all equipment must be shipped to 1817 Hamlin Road for processing.

3. Schools receiving the donated equipment will be responsible for all software, hardware, and related costs for the equipment (related costs include but not limited to network infrastructure and any other costs associated with supporting the equipment) during the lifecycle of the equipment.

4. Schools/requestors are required to purchase a current license for Absolute Computrace and Microsoft Office.

5. The standards listed in this document are considered "minimum" standards. DPS will accept computer equipment which is more or "better" than these standards.
