AVID (Advancement Via Individual Determination) is a college preparatory program, whose mission is to close the achievement gap by preparing ALL students for college and career readiness, and success in a global society. When enrolled in the AVID program, students enhance their skills through writing, inquiry, collaboration, organization and reading. AVID encourages its students to enroll in academically rigorous courses such as honors, Advanced Placement (AP), and International Baccalaureate (IB) courses, in addition to participating in at least one extracurricular activity.

BUSINESS AND FINANCE ACADEMY

Students enrolled in the **Business and Finance Academy (BFA)** focus on a concentrated study of the financial services industry. Under the umbrella of BFA, students have the option to choose **ONE** of the following pathways: **(1) Academy of Information and Technology, (2) Academy of Finance, or (3) Business Management.** BFA is a member of the National Academy Foundation (NAF), a leader in the movement to prepare young people for college and career success. This paves the way for a smooth transition from high school to advanced training programs, and eventually to careers in banking and finance or related fields.
