

## Using Technology in Math Class

Thumbnail	Technology Tool	Purpose/Ideas for Use
	Number Pieces App	Virtual base ten blocks
	Protractor App	Measure angles
	Geometry Pad App	Draw lines & shapes on graph paper, plot points on coordinate grid
	Educreations App	Record solutions to problems while writing on whiteboard, can send to teacher
	ShowMe App	Record solutions to problems while writing on whiteboard, can post online or search for others' lessons
	Screen Chomp App	Recordable, interactive whiteboard that can be shared
	Geoboard App	Virtual geoboards
	Ruler App	Screen turns into a ruler, measure items using in. and cm., solve area/perimeter problems
	Clock App	Learn how to read a clock or calculate elapsed time
	Math Terms Glossary App	Learn definitions of math terms, includes Spanish language entries
	Math Stretch App	App created by SAS with various math features (skip counting, base ten, time conversion, ordering numbers, number lines, etc.)
	Virtual Manipulatives! App	Virtual manipulatives for fractions, decimals, and percents
	Gloss App	Virtual whiteboard
	My Story App	Virtual book maker for kids
	SAS Data Notebook App	App created by SAS for electronic data notebooks
	Common Core App	Contains all ELA and Math Common Core State Standards
	I-Nigma App	QR reader made with kids in mind...doesn't require perfect aligned of the QR code in a window
	Chicken Coop Fractions App	Estimating fractions and decimals

## Using Technology in Math Class

	Fraction Circles App	Game to practice using fraction circles to name fractions
	Fill the Cup App	Practice fractions and whole number operations
	Tangram Free App	Use all 7 tangram pieces to create shapes
	Slice it! Begins App	Partition shapes into equal pieces
	Doodle Buddy App	Create virtual pictures, can also be used as a whiteboard
	Sonicpics App	Digital storytelling
	Storykit App	Electronic storybook
	Toontastic App	Storytelling that allows you to create, draw and animate cartoons
	Puppet Pals HD App	Create virtual puppet show
	Sock Puppets App	Create a lip-synch video using your own voice, can be shared
	123 Numbers Free App	Learn numbers and counting
	Butterfly Math Addition App	Interactive numbers and addition
	Counting Money App	Learn to count money
	Counting Bills & Coins App	Solve problems with money
	Number Math Free App	Practice elementary math fluency
	Pearl Diver App & Lobster Diver App	Practice with numbers and fractions (upper elementary)
	SAS Flash Cards App	Create virtual flashcards
	Tiny Tap App	Create or play games, touch answers
