The Community

Durham is a creative, innovative community that is always doing something new. It occupies a prime location in the heart of North Carolina and is a nexus for learning, creativity, research, and industry. Known as the City of Medicine, almost one in four Durham workers is employed in health care or a health-related industry. In addition, Durham is home to many leading technology companies like IBM, Cree, and others located in Research Triangle Park.

Duke University, North Carolina Central University, and Durham Technical College are located within the city. The University of North Carolina at Chapel Hill and North Carolina State University in Raleigh complete the list of the area institutions. This talented work force leads the nation in the number of PhD's per capita.

The School District

Charles E. Jordan (C. E. Jordan) High School is one of five comprehensive traditional high schools in the Durham Public Schools system. Durham Public Schools serves as the catalyst for preparing tomorrow's leaders and innovators for success in a global economy. One of the top 10 largest in the state, Durham Public Schools serves more than 32,000 students in both the city and county of Durham. It is also one of the top 30 districts in the nation for employing National Board Certified Teachers.

C. E. Jordan High School graduates are accepted to and attend colleges and universities across the nation. These include Georgetown Princeton, Brown, Columbia, Cornell, Emory, MIT, Princeton, NYU, Stanford, University of Chicago, University of Pennsylvania, Davidson, Duke, Wake Forest, Emory and all 16 UNC system campuses.

College Admission Testing

Charles E. Jordan High School	568	546
North Carolina	542	532
Nation	527	517

Charles E. Jordan High School

Course Load & Scheduling

C. E. Jordan High School operates on an A/B year long course schedule. The school day is comprised of 4 class periods, each 90 minutes in length. Classes rotate every other day. A schedule including eight courses is considered a full course load. Seniors in good academic standing have the option of taking up to two free periods; time during which a student does not have a scheduled course.

Class Rank & Grade Point Average

Class rank is based on weighted GPA and is calculated at the end of each semester. Beginning with the 2015 - 2016 school year, all public schools in NC use a 10-point grading scale. All final course marks prior to 2015 - 2016 are based on a 7-point grading scale.

New standards for quality points are in effect for the class of 2019 and beyond, with Honors and AP Courses weighted with 0.5 and 1 additional quality point, respectively.
