Instructions for Completing the NCHSAA Student-Athlete Preparticipation Physical Evaluation (PPE)

In order to be medically eligible for participation in practice or in interscholastic athletic contests, a student must have a completed NCHSAA PPE and submit it to the school. The PPE is four (4) pages in length and includes the **History Form**, the **Physical Examination Form**, and the **Medical Eligibility Form**.

The PPE **History Form** (pages 1-2) is completed and signed by the parent or legal custodian on behalf of the student-athlete. The completed and signed PPE History Form must then be presented to the examining Licensed Medical Professional (LMP) (physician licensed to practice medicine (MD/DO), nurse practitioner or physician assistant) for review when they fill out the Physical Examination Form.

The completed PPE **Physical Examination Form** (page 3) is signed and dated by the LMP who performed the examination. The physical examination builds on information obtained in the medical history.

The PPE **Medical Eligibility Form** (page 4), which is also signed and dated by the LMP, indicates the student-athlete is either medically eligible or not medically eligible for sports participation.
