** If you are doing a substitution that requires multiple semesters (ex. CHM 151 & 152 for Chemistry) **you must submit this form and a copy of your college schedule each semester** as you enroll in each sequenced college course.

I attest that I have met with the MCHS College Liaison or my DTCC advisor prior to submitting this form. I understand that I may be enrolled in the high school version of a course until this form is filled out; and I will submit this form electronically to the School Counselor after I have registered for college courses. I understand that I must submit a copy of my college schedule along with the electronic form. At that time, I will be dropped from the high school version of the course that I wish to substitute. I will electronically submit this form and a copy of my schedule to the School Counselor; otherwise, I will not be allowed to substitute these courses this semester.
