

## Open House / Instructional Materials Pick Up Thursday, August 13th

Families should come to Pearsonstown to meet their child's teacher as well as pick up first quarter instructional materials at the assigned grade level time. Each teacher will be socially distanced at a designated location on the school grounds. When arriving please drive to the location listed next to your child's teacher below. Families coming for open house will need to remain in their vehicle and students' teachers will assist families with the needed items. If you have more than one child and cannot make the different times for all your teachers, you can come to just one of the times to collect materials for all of your children. However, students would not meet their individual teachers if you choose this option. Teachers will only be available during their assigned time.
