7. skirts and shorts shorter than mid-thigh;
8. sunglasses worn inside school building;
9. hats, caps, hoods, sweat bands and bandanas or other head wear worn inside school building

**Githens Carpool Instructions for Morning Drop-off.** In order to move the morning line along quickly, and to make it safer and more pleasant for everyone, please read and follow these guidelines:

- Leave yourself plenty of time for morning drop-off. The line is MUCH shorter at 7:00AM than it is at 7:20AM.
- Be patient and courteous.
- Follow the instructions of the officer directing traffic.
- Do not block the entrance to the side lot, as teachers need to pull in and other cars will need to get out.
- As you move forward, if you are the first car, pull all the way up to the cone before stopping. All other cars should then let children out of their cars as soon as the line has stopped. If you are beside a sidewalk, you should let your children out of the car. Ideally, there will be out 8 cars letting students out simultaneously.

**Githens Carpool Instructions for Afternoon Pick-Up.** In order to ease up congestion in our afternoon pick-up line, and to make it safer and more pleasant for everyone, please read and follow these guidelines

- The RIGHT lane is for WAITING.
- The LEFT lane is for PICK-UP.
- Please do not move into the LEFT lane until you see your child.
- Order of dismissal: 6th grade, then 7th grade, then 8th grade

***More Details for Carpool:***

- Let's be kind and courteous in the carpool line. The line will move safely and efficiently if we all follow the same rules.
- Do not ever drive the wrong way around the circle driveway! Safety is our goal!
- Do not drive aggressively in the school parking lot.
- If you arrive at Githens before afternoon dismissal begins at 2:15, please form a car line in the RIGHT lane of the school's front driveway, beginning just before the blue front doors.
- If you arrive for the afternoon pick-up and the RIGHT lane is full, form a line in the road. The police officer directing afternoon traffic will signal when you can and should pull into the school driveway.
- In forming a car line in the RIGHT lane, please leave a space for cars to come and go from the side faculty/staff lot.
- Please leave the LEFT lane clear and DO NOT pull into the LEFT lane until you know your child has come outside.
- Note that 6th graders are dismissed first, followed by 7th graders, then 8th graders over a 5-10 min period of time.
- Sometimes the police officer in the road will direct you to pull from the road into the LEFT lane of the school driveway to allow local traffic to pass.

- If BOTH LANES of the carpool have become congested, please allow drivers who are in the RIGHT lane to move over to the left when they see their children ready for pick-up.
