

## What's Your Future?

*Interested in working with infants and/or toddlers?  
Want to get paid while earning a certification and degree?*

### Start your path with Building Bright Futures!

Building Bright Futures (BBF) is a State-funded program that allows high school students to start their path to a degree in early childhood education. Students can earn certification and participate in paid work-based learning opportunities at local childcare centers.

### *Building Bright Futures is a collaboration between Durham Tech and Durham Public Schools*

As an 11<sup>th</sup> or 12<sup>th</sup> grade Durham Public Schools student, you are eligible to apply to be part of the summer 2023 cohort. AT NO COST!

### *Early Childhood Education Pathway*

#### Pre-Apprenticeship (High School)

#### Apprenticeship (College)

### *Program Highlights and Supports*

- Mentoring
- Field trips
- Career awareness
