

# ADDENDUM 1

## Durham Public Schools Request for Statement of Proposal (RFP) FOR

RFP # 179-2324-232-CNS\_EQUIP\_DW

Date: 11/16/23

---

### ADDENDUM 1 – Questions and Answers

**Q1.** For us to accurately provide dish machine quotes on all sixteen schools, including install, we would need to make site visits to each school and look at the current layout.

Are you allowing for this and if so, is there a specific day(s) that we would be able to come by to do so?

**A1.** It is unlikely you can reach each school ahead of the bid time. If you would like to schedule a site visit to understand at least one school site, you may contact David Bell, our equipment repair technician, and request assistance. However, he is not required to provide assistance if he is unable or unavailable ([david\\_bell@dpsnc.net](mailto:david_bell@dpsnc.net)). You may provide a cost range or estimate based on similar work you have completed in the past.

**Q2.** Our rep that is quoting for 79-2324-232-CNS\_EQUIP\_DW wants to know if they can come do a site visit so they can quote exactly what you need. If this is possible will you let me know a date, time and address for them?

**A2.** See A1 above.

**Q3.** Is there any written specification?

**A3.** Whatever is included in the bid is what is required.

**Q4.** Can we go to each school and do a site survey?

**A4.** See A1 above.

**Q5.** Can the opening day be pushed out by a week or two to allow for us to have trades complete site surveys?

**A5. No.**

**Q6.**

**A6.**

**Q7.**

**A7.**

**Q8.**

**A8.**

**Q9.**

**A9.**

**Q10.**

**A10.**
