2024 - 2025 DPS RFP/CONTRACT ATTACHMENT

██████████ – FARMER AND/OR PACKER INFORMATION

COMPANY: Firsthand Foods, NC Sales No. 600771177

Overview

Firsthand Foods is a women-owned food hub that specializes in the aggregation, marketing and distribution of high-quality pasture-raised meats, including beef, pork and lamb. We source livestock from a network of 22 North Carolina farmers all of whom raise their animals humanely, outdoors on pasture, without growth-promoting antibiotics or added hormones. **We are a small business with 8 full-time employees and we source all of our livestock from small-scale farmers, 13% of whom are socially-disadvantaged.** We distribute products from our warehouse in Durham and all of our products are sourced from within North Carolina.

All of our products are made at USDA-inspected meat packing facilities located in North Carolina. These are small-scale businesses that follow Animal Welfare Approved handling practices. We maintain food safety procedures and protocols at our warehouse to ensure safe storage, handling and transport. All of our products are delivered in company vehicles that are enclosed, clean and managed to maintain proper temperatures for safe transport. **We intend to deliver to DPS' SNS Warehouse on Bacon Street.**

Our products are available year-round and are considered fresh and minimally processed. All of our products are packaged in vacuum-sealed packaging and can be provided fresh or frozen, however our ground product is always sold frozen. Below is a list of products, their unit size, case size and 2024/2025 price. **Please see attached for additional product information, including yield (from raw to cooked), ingredients, and nutrients provided. Lastly, we have attached a proposed calendar with suggestions for monthly product / volume deliveries.**
