

## Seahawk Specials Distance Learning Activity for the Week of April 6, 2020

Hi Everybody! I miss you and hope you are doing well. I created a website for you to find art activities during our distance learning. All you need is a pen or pencil and some paper.

<https://anthaden3.wixsite.com/mysite-1/my-blog> .

Fashion Club there is also an extra page with fashion related activities. Feel free to email me if you want to send photos of any of your artwork (it does not have to be one of the projects on the website).

Counselors are available to support students and families at home during the school closure. Please email them anytime or call during office hours listed below. You can also find social emotional learning resources in the Counselor Corner section of the Southwest PTA website.

Create a Backyard Obstacle Course (or Indoors) using prepositions!

Use anything within the boundaries of your property or room. The course must have a clear Start and Finish and be safe yet challenging. Share your obstacle course with your family using at least 4 prepositions when giving directions for your obstacle course. Have fun!

A preposition is a word or set of words that indicate location or some other relationship between a noun and other parts of the sentence. (Ex: above, below, down, up, over, across)
